# Daemon Irrepit Callidus

Text: Anonymi Hungari - Affectus in Jesum Super Omnia Amabilem

Music by Ivan Yohan

Daemon irrepit callidus, The devil sneaks expertly,  
Allicit cor honoribus, Tempting the honorable heart;  
Ponit fraudes inter laudes, cantus, saltus. He sets forth the trickery amidst praise, song, and dance.  
Quid amabile Daemon dat, However amiably the devil acts,  
Cor Jesu minus aestimat. It is still worth less than the heart of Jesus.

Caro venatur sensibus; The flesh is tempted by sensuality;  
Sensus adhaeret dapibus; Gluttony clings to our senses;  
Inescatur, impinguatur, dilatatur. It overgrows, it encroaches, it stretches.  
Quid amabile Caro dat, However appealing the flesh is,  
Cor Jesu minus aestimat. It is still worth less than the heart of Jesus.

Adde mundorum milia, Though the universe may confer  
Mille millena gaudia; Thousands upon thousands of praises,  
Cordis aestum non explebunt, non arcebunt. They neither fulfill nor put out the desire of the heart.  
Quid amabile Totum dat, However appealing the whole universe is,  
Cor Jesu minus aestimat. It is still worth less than the heart of Jesus.
